Review of last lesson

What's a Monologue?

- A speech made by an actor
- Talks to him/her self or audience
- Talk about their thoughts out loud

Why are monologues important?

- They give us a look inside the mind and heart of the character.
- They are a great tool to use for dramatic effect.

Easy way to remember monologue

- Mono = one
- Logue = to speak
- Together it = Monologue, which means one person speaking

What is Improvisation?

- Making or doing something without planning
- Creating a story without writing it down
 - Requires an active imagination

Unit 2. Class 8.

The 4th Wall.

The 4th Wall

What is The 4th Wall?

- It is an invisible line
 - It separates the audience from the actors
 - It helps maintain the illusion of the story

Why do we break the fourth wall?

- To make the situation funny
- To show us what the actor is thinking
- To allow the audience to be part of the performance

Is it important to break the wall?

- No, not all performances break the fourth wall. You also don't want to do it ALL the time because it loses its impact.

Next time you want to make your performance more interesting

- Add a 4th wall break in your act to boost your performance.
